

PART 1: FRONTEND

FALTA COMPLETAR

Authentication

TC-01-01

Proof: Load login page

Expected: Visible form with username and password fields

Result: The form is visible with email and password fields

State: [X] Test Passed / [] Test Failed

A screenshot of a login form titled "BIENVENIDO" with the subtitle "Accede a tu cuenta gourmet." The form contains two input fields: "Correo Electrónico" with the placeholder text "email@ejemplo.com" and "Contraseña" with masked characters "*****". Below the fields is a button labeled "Entrar al sistema". At the bottom, there is a link that says "¿Eres nuevo? Regístrate aquí".

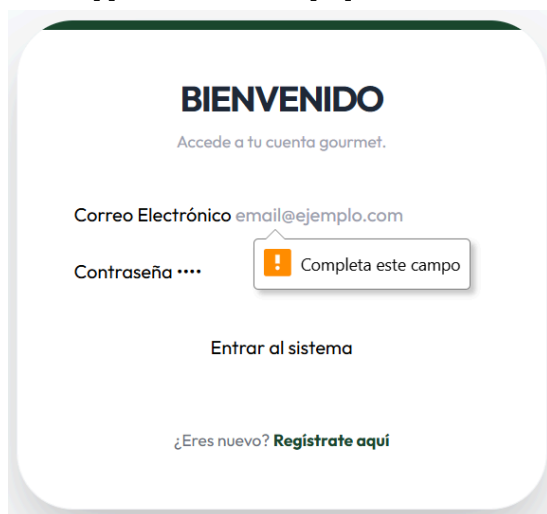

TC-01-02

Proof: Validate required email

Expected: Error message "Email is required"

Result: Error message "Completa este campo"

State: [] Test Passed / [X] Test Failed

A screenshot of the same login form as in the previous image, but with an error message. The "Contraseña" field now shows four asterisks "****". A tooltip with an orange exclamation mark icon and the text "Completa este campo" is pointing to the password field. The other elements of the form remain the same.

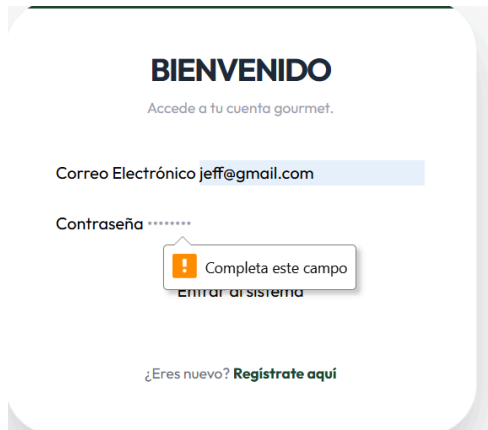

TC-01-03

Proof: Validate required password

Expected: Error message "Password is required"

Result: Error message "Completa este campo"

State: [] Test Passed / [X] Test Failed

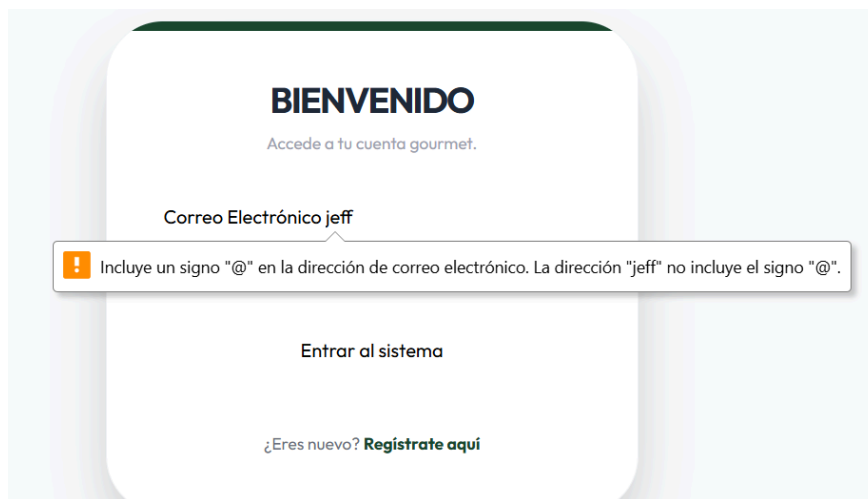

TC-01-04

Proof: Validate incorrect email format

Expected: Error "Invalid email"

Result: It is valid, however it does not display the specific error message

State: [] Test Passed / [X] Test Failed

TC-01-05

Proof: Submit valid form

Expected: Redirects to dashboard if login is successful

Result: Redirects to the control panel if the login is successful

State: [X] Test Passed / [] Test Failed

Registration

TC-02-06

Proof: Load registration page

Expected: Registration form with all fields

Result: Complete form visible

State: [X] Test Passed / [] Test Failed

TC-02-07

Proof: Validate required fields

Expected: Errors in each empty field

Result: Please fill in all fields to register

State: [X] Test Passed / [] Test Failed

TC-02-10

Proof: Successful registration

Expected: User created, redirects to login

Result: Create the user and redirect to home, not to login.

State: [] Test Passed / [X] Test Failed

Cart

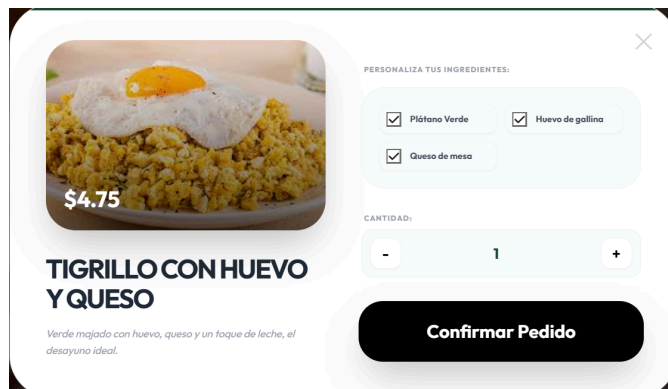

TC-03-11

Proof: Add dish to cart

Expected: Dish appears in cart with quantity 1

Result: Initialize the quantity to 1 correctly.

State: [X] Test Passed / [] Test Failed

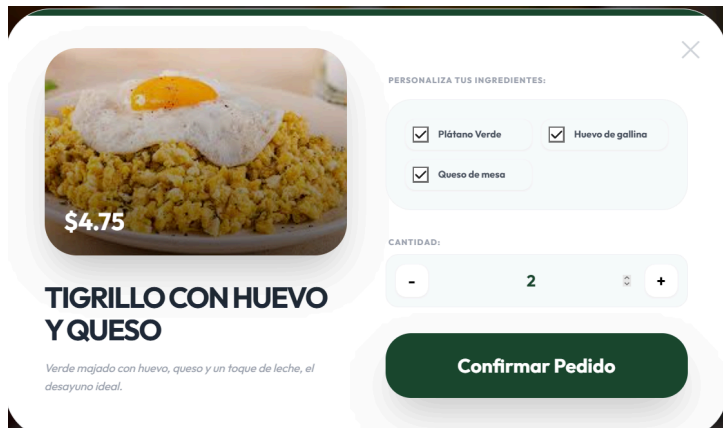

TC-03-12

Proof: Increase quantity

Expected: Total updated correctly

Result: Adding an existing dish increases the quantity

State: [X] Test Passed / [] Test Failed

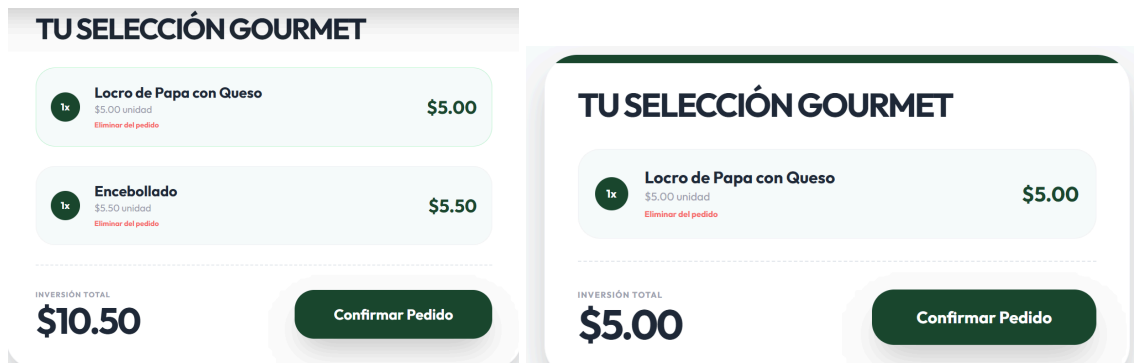

TC-03-13

Proof: Remove item from cart

Expected: Plate removed, cart updated

Result: Proper functioning

State: [X] Test Passed / [] Test Failed

TC-03-14

Proof: Calculate cart total

Expected: Correct total = sum of prices × quantity

Result: The total is calculated correctly.

State: [X] Test Passed / [] Test Failed

TC-03-15

Proof: Checkout with empty cart

Expected: Message "Cart empty, add dishes"

Result: It displays the message: "Your cart is empty."

State: [] Test Passed / [X] Test Failed

Reservations

TC-04-16

Proof: Open booking form

Expected: Modal with fields: date, time, number of people

Result: Panel visible with date, time, and passenger

State: [X] Test Passed / [] Test Failed

A screenshot of a reservation form titled "RESERVA TU MESA". Below the title is a subtitle: "Cenas íntimas, eventos o reuniones corporativas." The form contains three main sections: 1. "NOMBRE COMPLETO" with a text input field containing "Ej. Juan Pérez". 2. "DURACIÓN DE LA RESERVA" with a dropdown menu showing "1 Hora". 3. "SELECCIONA FECHA Y HORA" with a calendar grid for May. The calendar shows dates from 15 to 22. The days of the week are abbreviated: VIE, SÁB, DOM, LUN, MAR, MIÉ, JUE, VIE. The dates 15, 16, 17, 18, 19, 20, 21, and 22 are displayed in a grid, with "May" written below each date. Navigation arrows are visible at the bottom of the calendar.

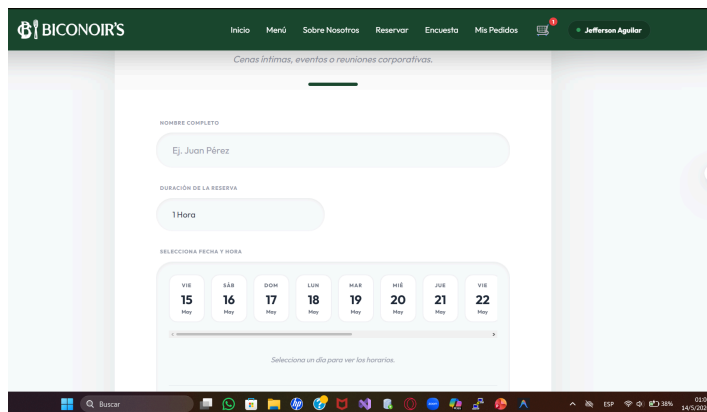

TC-04-17

Proof: Validate past date

Expected: Error "Date must be future"

Result: The calendar only generates dates starting from tomorrow.

State: [X] Test Passed / [] Test Failed

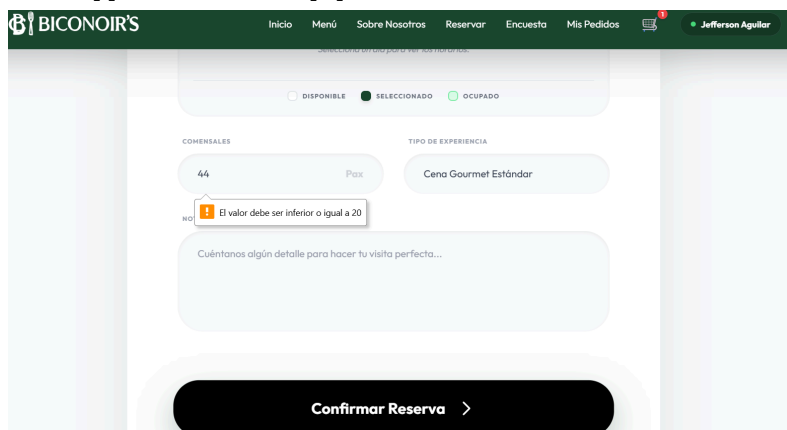

TC-04-18

Proof: Validate number of people

Expected: Error if > 10 or < 1

Result: The code allows up to 20 people

State: [] Test Passed / [X] Test Failed

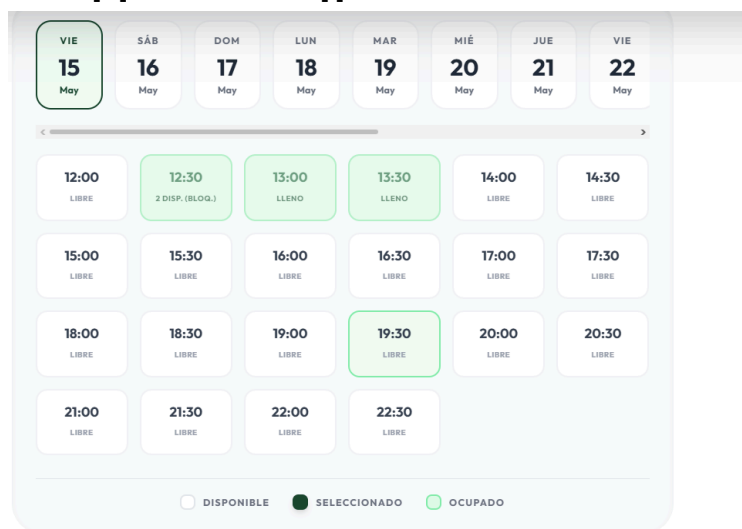

TC-04-19

Proof: Try to book with full slot

Expected: "No tables available" alert

Result: Disable and mark as "Full" if there are 3 or more reservations.

State: [X] Test Passed / [] Test Failed

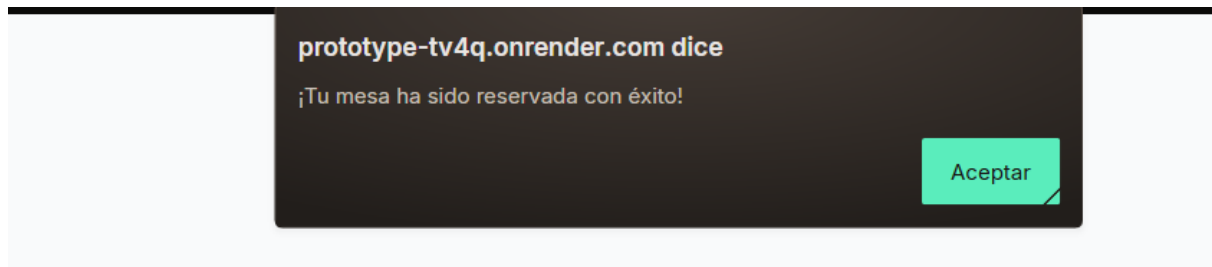

TC-04-20

Proof: Successful booking

Expected: Confirmation and redirection to "My Reservations"

Result: Displays success alert and reloads

State: [X] Test Passed / [] Test Failed

Survey

TC-05-21

Proof: Upload survey form

Expected: Questions and answer options visible

Result: Rating questions, name, and comments are visible.

State: [X] Test Passed / [] Test Failed

A survey form titled "Tu opinión nos hace crecer" with a subtitle "Cuéntanos cómo fue tu experiencia en Biconoir's." The form includes a rating section labeled "CALIFICACIÓN" with five star options (1 to 5). Below this is a text input field labeled "NOMBRE" with the placeholder "Tu nombre". Underneath is a larger text area labeled "COMENTARIOS" with the placeholder "¿Qué fue lo que más te gustó?". At the bottom is a dark green button labeled "Enviar Encuesta".

TC-05-22

Proof: Validate required responses

Expected: Error "You must answer all questions"

Result: Use native browser validation

State: [] Test Passed / [X] Test Failed

Expected: Reflected state change

Result: It does not allow changing the state

State: [] Test Passed / [X] Test Failed

TC-14-09

Proof: View financial reports

Expected: Data loaded successfully

Result: There is no financial reports section

State: [] Test Passed / [X] Test Failed

TC-14-10

Proof: Manage users → Change role

Expected: Updated user role

Result: There is no view for user management or role change

State: [] Test Passed / [X] Test Failed

Feature 15 — Inventory Flow

TC-15-11

Proof: Load supply → Stock updated

Expected: Stock quantity increases

Result: Stock updated

State: [X] Test Passed / [] Test Failed

The screenshot shows a web application interface for editing ingredients. The title is 'EDITAR INGREDIENTE'. Below the title, there are two input fields: 'NOMBRE DEL INGREDIENTE' with the value 'Plátano Verde' and 'UNIDAD DE MEDIDA' with a dropdown menu showing 'Unidad'. To the right of these fields is a 'STOCK ACTUAL' field with the value '56 unidad'. Below these fields is a 'NUEVO STOCK TOTAL (AJUSTE)' field with a value of '57'. A small note below this field says '* El sistema creará un lote de ajuste para alcanzar esta cifra.' At the bottom of the form is a blue button labeled 'Guardar Cambios'. To the right of the form is a table with three columns: 'Nombre del ingrediente', 'Stock', and 'Unidad'. The table contains three rows of data:

Nombre del ingrediente	Stock	Unidad
Queso de mesa QSO-001	4,250.00	GR
Langosta ING-538470	4.00	KG
Plátano Verde VER-001	57.00	UNIDAD

TC-15-12

Proof: Create order → Automatically deduct stock

Expected: Stock decreases after order

Result: The deduction is not automatic when creating the order

State: [] Test Passed / [X] Test Failed

TC-15-13

Proof: Complete order → Stock processed

Expected: Correct ending inventory

Result: The ingredients are reduced

State: [X] Test Passed / [] Test Failed

Langosta ING-53B670	4.00	KG	STOCK BAJO	 
Pescado Corvina COR-001	14.70	KG	ÓPTIMO	 
Langosta ING-53B670	4.00	KG	STOCK BAJO	 
Pescado Corvina COR-001	14.60	KG	ÓPTIMO	 

TC-15-14

Proof: Stock movement history

Expected: All recorded movements

Result: The inventory view only shows the current stock per ingredient.

State: [] Test Passed / [X] Test Failed

Queso de mesa QSO-001	4,250.00	GR	ÓPTIMO	 
Langosta ING-53B670	4.00	KG	STOCK BAJO	 
Plátano Verde VER-001	57.00	UNIDAD	ÓPTIMO	 

TC-15-15

Proof: Low stock alert

Expected: Notification when stock < threshold

Result: There are no active notifications or automatic alerts sent to the administrator.

State: [] Test Passed / [X] Test Failed

Langosta ING-53B670	4.00	KG	STOCK BAJO	 
Pescado Corvina COR-001	14.60	KG	ÓPTIMO	 

Feature 16 — Reserve Flow

TC-16-16

Proof: Make a reservation → Check in admin

Expected: It appears in the booking table

Result: the reservation appears
